GENERAL DESCRIPTION OF THE PROJECT AND BACKGROUND ON USER(S) OF THE FACILITY
(Attached additional sheets as necessary)

Fasteners Direct is looking to expand its facility (including office space and warehouse), in order to keep up with the incoming business growth we have had over the past couple of years. We no longer have the room in our currently rented 17,000 square feet facility to handle the increased orders or increased stock levels. We are looking to a warehouse from Wickerwood LP. This new facility is a 52,000 square foot shell of a warehouse, that is in need of significant renovations in order to make it a functionable warehouse and office. We will be removing 1 wall between the two 25,000 square foot sections, to create the 52,000 square foot section, known as section B/C.

Renovation to existing facilities include: Suite B- office buildout with roof top a/c & heat unit, creation of bathrooms, addition of handicap ramp, removal of 4 dock doors and adding window inserts of an office atmosphere. Suite C- adding of ramp to dock C4 for trucks/cars, buildout of breakroom, bathrooms, electrical equipment charging station.

IT update: purchase of interior and exterior cameras for security/monitoring; running of cable for fiber internet, key fob access into building, new computer monitors and tv screens for office.

Equipment Purchase: purchase of racking; pallet, rod, and mezzanine racking. Purchase of new electric Cherry Picker machine. Purchase of new electric Forktruck machine. Purchase of new electric Pallet Jack. Purchase of new office furniture. Purchase of new warehouse workstations.
